

## Table of Contents

|  |    |
|--|----|
| The Shortcomings of Ipv6 and Upgrade of Ipv4.....  | 1  |
| <i>Wang Tao, Gao Jiaqiong</i>  |    |
| Research and Design of Next Generation Internet (IPV9) Datagram.....                       | 10 |
| <i>Wang Zhongsheng, Xie Jianping, Lin Zhao and Zhong Wei</i>                               |    |
| Design and Research of New Network Address Coding.....                                     | 29 |
| <i>Lai Yufeng, Xie Jianping, Cheng Xiaowei and Li Yuyu</i>                                 |    |
| Research of New Network Address Structure.....   | 39 |
| <i>Chong Jiao, Xie Jianping, Xu Yinqui and Zhao Hongwen</i>                                |    |
| Rotation center calibration based on line laser rotating platform.....                     | 48 |
| <i>Lei Doudou, Liu Baolong and Yao Huimin</i>  |    |
| A Full Decimal Method of Address Assignment for Networked Computer.....                    | 53 |
| <i>Zhan Xin, Xie Jianping, Jin Liming and Lai Jiawen</i>                                   |    |
| From Network Security to Network Autonomous.....   | 61 |
| <i>Wang Yubian*, Yuri Shebzukhov</i>   |    |
| A Survey of Calibration Methods for Traditional Cameras Based on Line Structure Light..... | 66 |
| <i>Wu Ruixia, Liu Baolong and Yao Huimin</i>   |    |
| Research on Harris Corner Detection Method in Palmpoint Recognition System.....            | 72 |
| <i>Wu Hejing</i>   |    |
| Research on Digital Camouflage Design and Camouflage Material of Tent Cloth.....           | 77 |
| <i>Hu Zhiyi, Xian Tong, YU Jun and Su Haitao</i>   |    |
| The Researchof a New Iteration of the Circular Algorithm.....                              | 83 |
| <i>Xu Shuping, Huang Menyao, Chen Li and Xu Pei</i>  |    |
| Application of Chaotic Encryption in RFID Data Transmission Security.....                  | 90 |
| <i>Yang Jianfang, Liu Baolong and Yao Huimin</i>   |    |
